SIEMENS

Data sheet 6GK5898-1CV00-4AA0

product type designation	**IWLAN angle adapter SMA/SMA male/female**
	Elbow adapter SMA/SMA male/female.

Technical Product Detail Page	https://i.siemens.com/1P6GK5898-1CV00-4AA0
electrical data	
number of electrical connections	2
type of electrical connection	SMA male / SMA female
transmission frequency	0 ... 6 GHz
impedance	50 Ω
mechanical data	
material	brass, gold-plated
ambient conditions	
ambient temperature	
● during operation	-20 ... +80 °C
● during storage	-20 ... +80 °C
● during transport	-20 ... +80 °C
protection class IP	IP61; when plugged in
design, dimensions and weights	
width	17 mm
height	15 mm
standards, specifications, approvals	
certificate of suitability	
● RoHS conformity	Yes
reference code	
● according to IEC 81346-2:2019	XGA

Security information	
security information	Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible

	for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)
