SIEMENS

Data sheet 6GK5980-3BB00-0AA5

product type designation	**connecting cable RS232, RJ11 plug / D9-sub socket**
product description	preassembled, serial cable with RJ11 and RS232 connectors
	Serial cable RJ11/RS232; Pre-assembled serial cable with RJ11 and RS232 plug; length 3 m; 1 pack = 1 unit spare part.

Technical Product Detail Page	https://i.siemens.com/1P6GK5980-3BB00-0AA5
suitability for use	Suitable connecting cable with RJ11 connectors and a 9-pin SUB-D socket for connection to the serial interface of the PC
wire length	3 m
electrical data	
number of electrical connections	2
mechanical data	
number of electrical cores	3

security information	
security information	Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)
